

Ravensden Plc awarded TOYCRED accreditation

Ravensden Plc are proud to announce that they have been awarded the TOYCRED accreditation.

TOYCRED is an accreditation standard for the toy industry developed by and on behalf of the British Toy Importers Association and administered by TOYCRED Limited.

TOYCRED accreditation requires that Members must have appropriate systems in place to demonstrate compliance with all relevant safety legislation - and more. Accreditation to the TOYCRED standard confirms the Member is taking all necessary steps to ensure the products he places on the market are safe.

The TOYCRED Standards are designed to ensure that Members are aware of their responsibilities and can prove that they have complied with administrative requirements imposed by the law.
